- Optional Finisher (AR-C250 only)
- Optional Trayless Duplex / RADF
- Optional Fiery Controller and Controller Interface Kit

**Data Security Kit (Hard Disk Erase)**

Digital office machines use computer style memory to temporarily store the document data created by scan, copy, and print jobs. Users with the need to safeguard that data, and to prevent the possibility that the information might fall into the wrong hands must be able to clear the data with confidence immediately after every job. Sharp's exclusive Data Security Kit effectively erases all document data from the Sharp copier / printer hard disk eliminating the need to remove or store the disk drive.

Optional for Digital Copier/Printers ranging from 28 to 50 ppm

## Are your plug loads staying up all night?

**Why keep plug loads operating around the clock when there's no one there to use them?**

Isolé combines surge-suppressing power strips with occupancy sensors to control desktop equipment based on workspace occupancy.

Plug essential equipment into uncontrolled outlets and other items, such as tasklights or monitors, into controlled outlets. Isolé will do the rest.

Give your plug loads a rest – and save some energy while you're at it.
