**LET'S DEVELOP THE OPPORTUNITY TOGETHER  
USING PRIVATE SECTOR BEST PRACTICES!**

**- UNDERUTILIZED/LAZY ASSETS -  
THE PRICE OF DISREGARD**

Assets become expendable over time. Owners who fail to weed out lazy assets pay a hefty price.

What is this price? Each month you fail to act, four factors combine to impair your ability to compete:

↑ Costs to Keep    ↑ Risks  
↓ Declining Value    ↓ Lost Opportunity

*This can amount to 25% per year of the acquisition value, or more. The total can be staggering.*

Finding lazy assets is the essence of our Asset Utilization Practice. We look in proven places for quick payoffs and we install the management systems to keep lazy assets to a minimum.
