Unique Micro-texture High Performance Cleaning Cloth

The High Performance Cloth (HPC) is an efficient cleaning tool consisting of microfibers in a unique pattern. The HPC is specially designed with unique combination of bi-component microfibers and knit construction. This combination provides excellent dust, oil and water pickup with minimal linting. The bi-component aspect of the microfibers allow for both oil and water absorption while the microfiber's ribbon-like shape provides the maximum surface area for collection.

Energy savings the easy way . . .

The Watt Stopper's WS Automatic Wall Switch combines convenience with occupancy-based lighting control for energy savings throughout your facility.

Easily replacing existing wall switches, the WS turns lighting off when areas are vacant, saving energy in applications such as small offices, conference rooms, break rooms, utility rooms, and copy rooms, just to name a few. In fact, energy savings can approach 60%!

For more information or to purchase at special GSA pricing, call 800.879.8585 or visit us at www.wattstopper.com. (Contract No. GS-07F-5967B)

GSA Contract No. GS-10F-0115K

ENSR Awarded GSA Contract

ENSR International (www.ensr.com) is a global provider of environmental and energy development services. A leading supplier to governmental, energy, chemical, petroleum, aerospace, transportation, forest products, automotive and manufacturing entities, ENSR International has over 65 worldwide offices, including 45 in the US. ENSR's comprehensive services include air and water quality resource consulting and engineering, capital project permitting, remediation and regulatory closure, risk assessment, process engineering, due diligence and environmental health and safety management consulting. ENSR has over 33 years of experience serving private and public sector clients.

ENSR is pleased to announce that we now offer the full spectrum of support under our General Services Administration contract for Environmental Services (GS-10F-0115K).

With this contract, ENSR is available to support all Federal agencies in the following areas:

- **SIN 899-1**, Environmental Planning Services & Documentation
- **SIN 899-2**, Environmental Compliance Services
- **SIN 899-3**, Environmental Occupational Training Services
- **SIN 899-4**, Waste Management Services
- **SIN 899-5**, Hazardous Materials Management Software
- **SIN 899-7**, Geographical Information Systems (GIS)
- **SIN 899-8**, Remediation Services

ENSR's goal under this contract is to provide the General Services Administration and their potential clients in the Federal sector with responsive support to meet their diverse environmental needs. Currently under this contract, ENSR is providing support to DoD, EPA, BLM, and GSA with a broad range of services to meet their respective needs.

To learn more about ENSR and GSA environmental services contracting, visit our website at: www.ensr.com

We've Earned Our Stripes.

For over 100 years, the Heil name has stood for quality, integrity and customer satisfaction as a premier manufacturer of metal fabricated equipment. From transport tanks to construction machinery, from military equipment to truck bodies, Heil's heritage is deeply rooted in American soil. Today, Heil is known worldwide as the leading supplier of waste disposal vehicles.

Now we've earned our stripes – again – as an approved supplier of waste disposal vehicles for Federal agencies under the GSA Federal Supply Schedule.

To find out more about Heil waste disposal vehicles and the GSA contract, call our GSA project manager Michelle Chappell at 1-800-824-4345, ext. 518.

More Deicing Power Without All The Side Effects! Total Customer Satisfaction!

It's a matter of fact.

PELADOW* calcium chloride pellets gets your crew to bare pavement faster than any other ice melter at any temperature. You melt more with less.

It's the only deicer effective to -25°F. It's easier on plants and concrete than other deicers. It doesn't create an unsightly powdery residue. It's the only ice melter that supports all these claims with independent research.

The result?

You provide better, faster service to the first customer on your route and the last. And that means greater customer satisfaction.

This winter, demand PELADOW calcium chloride pellets.

GSA contract # GS-23f-0156L

Located in Alexandria, Virginia, DAI provides services in the following areas:

- Marketing and Public Relations
- Graphic Design for Print and Web
- Full Service Web Development
- Training / Multimedia
- Surveys and Research
- Enterprise Engineering

We are available through both the GSA Marketing, Media, and Public Information Services Schedule and the GSA MOBIS Schedule. For more information, visit our Web site at www.daitech.com, e-mail us at info@daitech.com, or call (703) 370-7545.

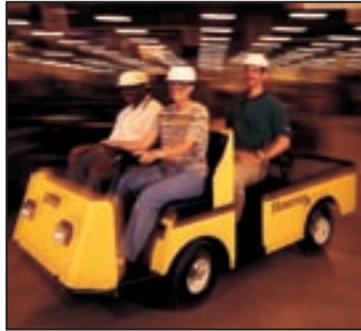

A premier communications and information management firm, Dougherty & Associates, Inc. (DAI) provides business solutions to clients throughout the Federal Government.

This Ain't No Beauty Contest.

E-Z-GO Textron has strongly affirmed its industry leadership with the Industrial 875, a heavy-duty utility vehicle designed to handle the most demanding jobs in any warehouse or plant facility. With a payload capacity of 3,000 pounds and a 44.5" x 69" cargo deck, the Industrial 875 is the perfect solution for tough hauling jobs. The heavy-duty, 36-volt DC, high-efficiency series-wound motor, capable of generating a top speed of 14 miles per hour and an intersecting aisle clearance of 84", also make these jobs quickly and easily disappear. One of the most unique features of the Industrial 875 is the new cargo deck, and innovative glass filled composite plastic deck board designed by E-Z-GO that is hinged for access to the

drive package and storage area. The UV stable-deck is a black polypropylene material that is 17% glass filled and won't warp or sag like plywood. Additional features of the Industrial 875 include: a Powerwise® on board, fully-automatic charger complete with anti-drive away vehicle lockout, double-reduction rack and pinion steering; heavy-duty, multiple-leaf spring suspension with hydraulic shock absorbers; a removable switch key; dual halogen headlights, tail lights and brake lights; and a standard hydraulic rear-wheel brake system complete with a hand ratcheted parking brake. The Industrial 875 is UL approved and meets all of the applicable OSHA and ANSI safety standards. It is also available in a UL "EE"-rated configuration.

Purific

GSA
Federal Supply Schedule
Contract No. GS-21F-0008L

SELF-FILLING
WATER COOLER

From the front, the Purific looks like a traditional water cooler

. . . .but the back reveals a state-of-the-art filtration and bottling system.

Purific means . . .

✓ **SAVINGS**

- Costs less than bottled water
- No paying for storage costs
- Reduce the possibility of workers compensation claims

✓ **CONVENIENCE**

- No heavy bottles to change
- No bulky bottles to store
- No spilling or splashing water
- Never run out of water

✓ **SECURITY**

- No worrying about unauthorized delivery personnel
- Completely sealed filtration and disinfection system ensures clean fresh water

✓ **QUALITY**

- Great tasting fresh water
- No contamination from unsanitary bottle necks
- Multiple step filtration and disinfection
- Tested and validated by the Water Quality Association

Call **800-326-5222** to learn more about the **Purific** self-filling water cooler.
