

# TRANSPORTATION & PROPERTY MANAGEMENT

*find the property you need*

*EXCESS the property you don't*

*safely MOVE household goods*

*TMSS...more features, more flexibility, less work, at no extra cost*

# gsa announces its *new* tmss electronic bill of lading!!!

“[The Office of Government Policy] applauds [GSA’s] efforts to totally automate and maintain a viable traffic management system for the Federal government. The Transportation Management Services Solution (TMSS) system serves to facilitate faster and more efficient information exchanges between the agency and the transportation service providers (TSP), thus being a benefit to agency associates.”

**E**lectronic versions of the U.S. Government Bill of Lading (OF 1103) and the Personal Property U.S. Government Bill of Lading (OF 1203) are now available through GSA’s new TMSS system. Using an electronic bill of lading, populated from the data collected in TMSS, allows the printing of a single paper document for TSPs to have in their possession as required by 49 U.S.C. §14706. This electronic BL authority is a first for civilian agencies and serves as a platform to enhance data exchange via electronic commerce between GSA, customer, and TSP.

GSA is the only agency allowed to negotiate transportation rates on behalf of other civilian agencies, making the TMSS electronic BL a logical solution to meet agency electronic shipping requirements. The electronic BL has been available in TMSS since January 2004 and is a critical key component needed to satisfy the true spirit of institutionalizing an automated end-to-end transportation shipment system.

GSA offers ongoing TMSS training for agencies and TSPs – at your site or ours. For more information on training please contact:

Raymond Price  
(703) 305-7536  
raymond.price@gsa.gov.

For more information about TMSS, visit our website at [www.moveit.gsa.gov](http://www.moveit.gsa.gov), call (866) MOVEGSA, contact your local GSA Transportation service representative or contact:

*For significant transportation and operational savings, use TMSS to Move It!*

# going... going... gone!

GSA is pleased to present  
**GSA Auctions™**.

Bid "live" auctions, on-line with lots of items within specified timeframes. We make it easy! At bid closing, GSA will honor the highest bid received.

This new state-of-the-art technology streamlines the business process and allows greater flexibility and speed for the introduction of enhancements. It reduces your administrative costs, increases market penetration, and maximizes the return on your investments. Getting rid of your excess property won't get any easier than this.

GSA Auctions™ presents a major shift in the strategy for selling property that the Government no longer needs. In the past, surplus sales have been conducted at regional locations utilizing traditional sales methods such as sealed bids and on-site auctions. This new on-line version will allow GSA to offer assets located across the country to any interested buyer, regardless of location. In addition, we will be able to access a larger segment of the general public, which should result in more competitive sales prices and a greater return for the Government.

We will provide guidance for property disposal, special handling requirements, time thresholds for moving property, and advise you about property available for reuse.

**For more information or to register, call (703) 605-5610 or visit [www.gsauctions.gov](http://www.gsauctions.gov)**

# WEBSITES, BROCHURES, ADVERTISING AND OTHER EXAMPLES OF WISE AND WONDERFUL GOVERNMENT SPENDING.

Nothing is more important than clear communication. We know because we've been helping clients speak directly to their targets' needs for more than twenty-five years. In that time, we decided that government marketing materials don't have to look like government marketing materials. So when you work with Grafik, you can be sure the work will get everyone's attention.

Call Lance Wain today at 703.299.4515. Let's communicate.
